Camping on the Club for big-game hunting seasons

We are happy to announce that DOMTAR has decided to allow camping on the club for the big-game hunting seasons this fall.

Members will be allowed to camp on the club in the area just off Route 108 exclusively (not past the sign-in box on the left) for the following big-game seasons which last from September 30th- November 26th. A reminder that no open pit fires will be allowed, all garbage and trailers must be removed no later than November 26th.

Sign-in Shack

When members sign in on the club at the shack off the 257, a new column will be added on the right hand side for '*Tree Stand / Mirador*'. In addition to entering the area you are hunting, please also indicate in this column if you are hunting in your tree stand / Mirador.

DOMTAR Work on the Club & New Roads

Road construction and other work has been done and is being done on the club by DOMTAR.

Please note:

- Gates may be left open by construction workers on the club or other DOMTAR personnel. Continue to close but do ***not*** lock gates until further notice. A friendly reminder that all members have a responsibility to question any hunter if they are current members of

the association especially if they do not have a visible valid member card on display.

- There is a new road on the 257 that accesses the south-west part of the club and connects with the existing Rd 70 on the club. Posts are put in and a cable and lock will be installed. Members will not have a key as it is limited access until further notice.
- The new road that was cut last year (closest to the cemetery) will have cement blocks installed with a cable and a lock. Members will not have a key as it is limited access until further notice.
- Any timber cruising and flagging done on the club recently will be for future cutting.

Club Member Cards / Vehicle Tags

For any members that still need a club card (which should be worn while on the club at all times) or a tag for the vehicle, please inform any of the members of the executive.
